SUMMARY

Mechatronics Engineering student at the University of Port Harcourt with a passion for tech and problem-solving. A committed team player with strong empathy, currently building foundational skills in frontend development. Completed a personal web project using HTML, CSS, and JavaScript. Eager to apply technical skills and soft skills to real-world challenges.

PROJECT EXPERIENCE

Portfolio Website Project

Personal Project

- Designed and developed a responsive portfolio website using HTML and CSS.
- Applied JavaScript to add interactivity and improve user experience.
- Hosted the project on Netlify for public accessibility.
